### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The closest prior art of record fails to teach or suggest the recited impact resistant, double-skinned structure. Independent claims 7 and 19 identify the uniquely distinct feature of "strips joining adjacent stringers". The closest prior art of record, Zahorski (USPN 3,104,194), discloses a double-skinned wall structure having stringers extending perpendicularly from the bases to an inner surface of the inner skin, which either singularly or in combination, fail to anticipate or render obvious the above limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
